

OWLBOOK NOIR · BOOK ONE

THE MATCHBOOK MURDERS

PRINTABLE GRIDS

Every grid from the book, ready to print.

HOW TO USE THESE PAGES

1. Print the page for the case you're working on. Each page is the same as in the paperback: the grid, the hard fact, your verdict and room for notes.
2. Put a check where you know a pair belongs together and an X where it doesn't.
3. Some cases leave you a black matchbook with a number pencilled inside. Write each one in the Matchbook Ledger on the next page.

OWLBOOK PUZZLES

The stories, clues, leads and solutions are in *The Matchbook Murders*, on Amazon.
